# FACILITY

**Biloritz Nigeria Limited Complex  
at KM 2 Opete Road, Opete Town  
Off DSC Expressway, Delta State**  
The complex is made up of:

- Engineering Design Office
- Ultra-Modern Fabrication Hall
- Mechanical Workshop
- Electrical & Instrumentation Workshop
- Lay-Down
- Sickbay
- Administrative Block

# OUR SOLUTION

## Specialty Services

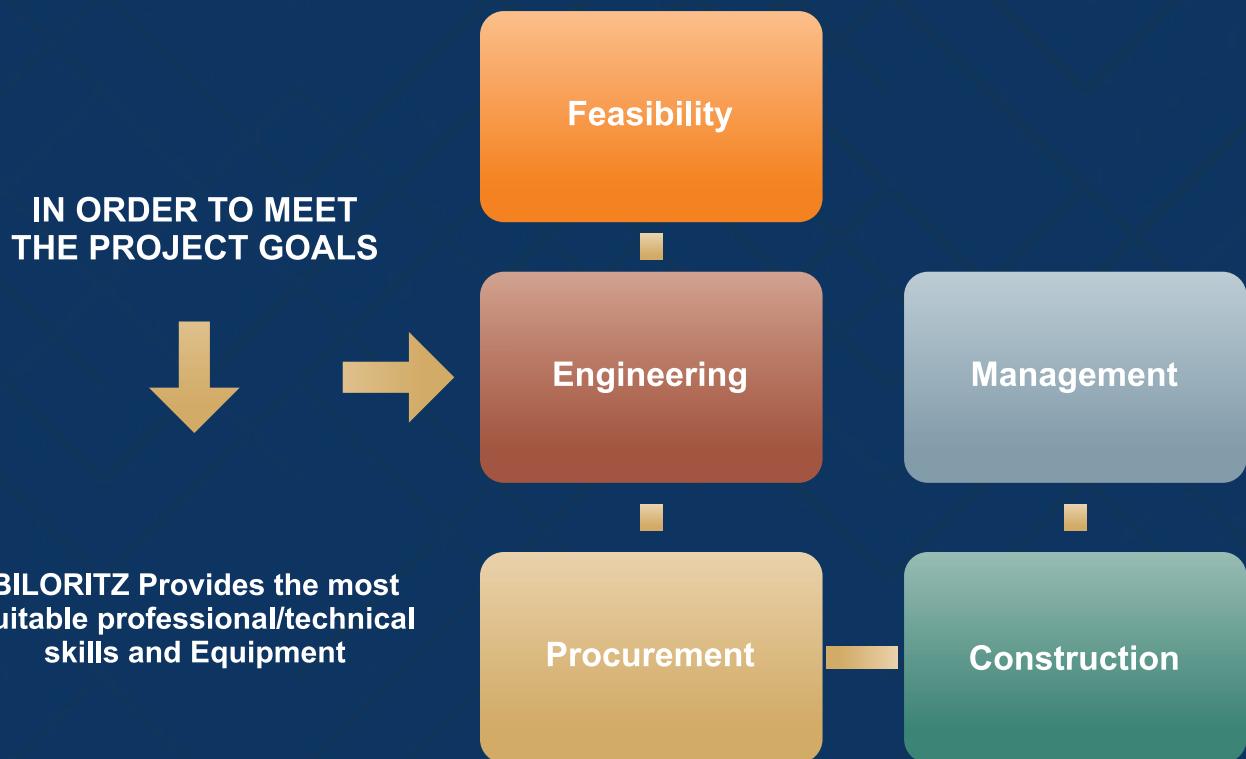

- Marine Logistics
- Offshore Hook-up Services
- Offshore Platform & Riser Repair
- Pipe Weighting, Coating and Double Jointing
- Flow Line Removal and Installation
- Pipeline Station and Facility Maintenance
- Pipeline Rehabilitation
- Facility Operation
- Equipment, Rig and Vessel Transportation
- Module Design, Fabrication and Installation
- Sub-Sea Facilities
- Pile and Platform Fabrication
- Pipeline and Manifold
- Buoy and Load Arms
- Tank Rehabilitation
- Civil Works
- Dredging

## Facilities Development Operations

- Gas Plants
- Pipeline Systems
- Storage Systems
- Fueling Facilities

# OUR STRENGTH

*We provide outstanding Know-how and experience in a range of services (Maintenance, Consultancy, Procurement Engineering & Construction) tailored to the client's requirements.*

# OUR CLIENTS

## Ideal Clients

- Developers
- Lenders
- Asset Owners
- Engineering Organizations
- Contractors,
- Government Establishments
- Other Interested parties

## Key Clients

# Our Values

Biloritz is interested in the health and safety of its employee and of all the other personnel involved in its project activities, as well as the protection of the environment, shall be assured by an efficient and well documented system which is in line with ISO 14001 international regulations.

Chevron Safety Award  
Best Contractor & 10Million Man-hour  
Without lost time injury in EGTL Project

## OUR VALUES

### Quality

*Biloritz is aware of the need to systematically and in a documented way to always maintain a quality level constantly satisfying the requirements of its customers.*

*BNL has adopted a quality system that is in line with ISO 9001 regulation*

Biloritz staff Carrying out hydro test at Chevron Olero - Late Mechanical Works

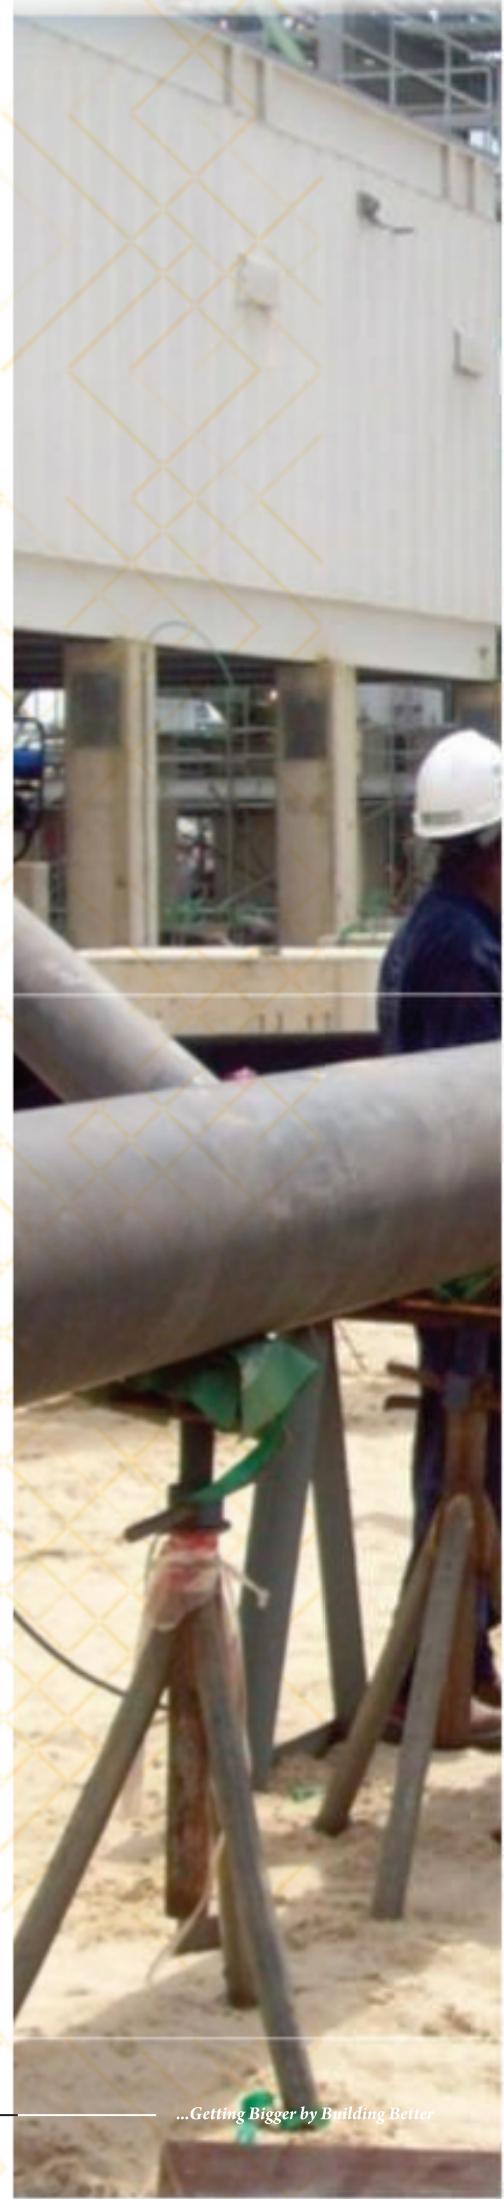

## OUR VALUES

# Specialization

*Biloritz believes in enhancing the standard of its services through focus on the Construction, Power, Oil & Gas Industries.*

*Especially on the provision of core Engineering, Marine Logistics, Construction and Installation Services*

21/10

## OUR VALUES

# *Sustainability*

Biloritz believes that apart from financial success, there is the need to support and advance the development of the country in the interest of the people. Programs are established to focused efforts in areas such as education, security, sports and health of social improvement that will result in a measurable difference in the future of the country

Biloritz takes responsibility in the labour market, in the area of training and professional development programs focused on employee education. The company offers mentoring programs across all operations functions as well as specialized on-the-job training.

## OUR VALUES

# Reliability

*Biloritz and partners have reliable, dependable fleet of Equipments, Plants, Tools meant for the construction industries*

# CONSTRUCTION

Piping Works At EGTL

## Piping Works

Our experience, knowledge and associates enable us to provide Engineering, Design, Procurement, Fabrication, Installation, test and commissioning of process piping work for the Oil and Gas industries.

- Flow Stations (Swamp & Offshore)
- Piping Manifolds
- Fire Water Systems
- Flow Lines (Swamp & Offshore)
- Gas Lift and Injection Lines
- Process Interconnecting Pipes

# CONSTRUCTION

## ***Structural Works***

With our team of qualified, dedicated and experienced personnel, coupled with our extensive combination of modern equipment and tools, we can provide services in the design, engineering, procurement and construction of structural steel works such as:

- Structural Steel Buildings
- Gantry & Cranes
- Heli-Decks
- Storage Tanks and Silos
- Jetties

# CONSTRUCTION

# Civil Works

*Biloritz provides design, material procurement and supply of skilled manpower and equipment to execute civil works associated with the installation of process, equipment and structural steel works*

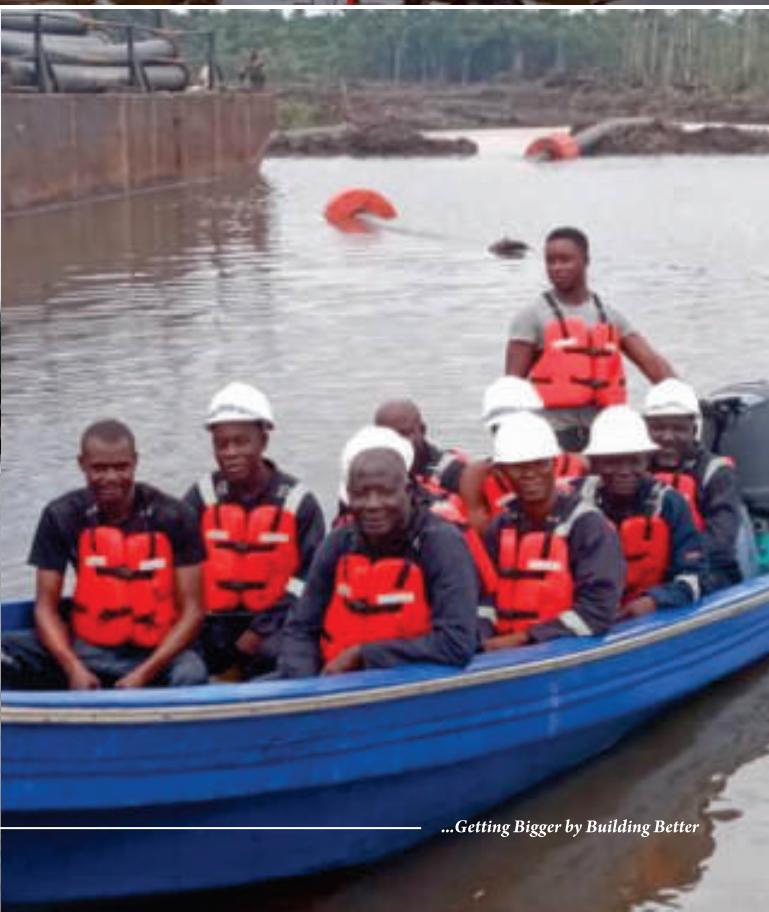

# DREDGING

**EREGWA Dredger** is a 18"x18" capacity recently bought and assembly in Nigeria. It has capacity pump 500 to 600 cubic of sand per hour on maximum capacity. The dredger was utilized at Ojumole recently by chevron and it performed perfectly well. It is presently sand filling the Con Oil Tank Farm site and the quantity required to sand fill is approximately 61,500 cubic of sand. The dredger is also equipped with 500 meters of pontoon line. But, can be increased with a booster to meet client's specifications.

The crew is made up of high quality experienced dredge operators and engineers. The Technical crew comprises of the dredge crew and experienced survey crew to guide and report quantities dredged.

# OUR EXPERIENCE

## **Equipment Leasing/ Marine Logistics**

*Biloritz have various equipment for hire/lease. Included are:*

*Crane (40, 60, 80, & 120 Ton)  
Air Compressors  
Welding Machines  
Barge (1000Ton)  
House/Tug Boats  
Swamp Buggy  
Manlift, etc.*

120 Ton lease crane to Natony-Shell

## Maintenance

Biloritz relies on the experience of her team of professionals after commissioning and start up to provide site services ranging from emergency and periodic maintenance to remote plant monitoring.

CHEVRON(EGTL) – Provision of  
construction completion support  
services for mechanical & piping  
services

# PROJECTS

**Client:** Daewoo, Chevron Nigeria Limited | **Project:** Escravos Gas to Liquid  
**Services:** Construction of Structural Steel, Piping & Mechanical Installation Works  
**Value of Service:** NRN 4.237B

# PROJECTS

**Client:** Chevron Nigeria Limited | **Project:** Olero-Odibi Compressor Station Late Mechanical Works

**Services:** Mechanical, Piping, Fabrication and Testing Work

**Value of Service:** \$5M

## COMPLETED PROJECTS

PROJECT DETAIL	CLIENT	REF/DATE	REMARK
Supply of crew personnel & equipment for fabrication work at process area piping & steel structural work of Escravos Gas to Liquid LATE MECH. WORKS	DAEWOO-CHEVRON	DN55-LTSC-33-LCC1	Completed
OLERO-DIBI COMPRESSOR STATION	CHEVRON	REF No.: CPHN-08054-00069 OAGM Project	Completed
Supply of 1000 HP Tug Boat for Utonana 11/11D flow line repairs (MV DAISY)	CHEVRON	SCM-2010-CW816503	Completed
Supply of one 150 Ton crawler crane for Olero GB 9S well repair Project	CHEVRON	SCM-2010-CW723825	Completed
Supply of Lay badge and 12-floaters for Utonana flow line repairs	CHEVRON	SCM-2009-CW777816	Completed
Construction of Two Bedroom Semi Detached Building for Special Protection Unit (SPU), Mini-Okoro Police Barracks Port Harcourt	NDDC	NDDC/EDP/UDW/PR/ RV/14/246	Completed
Construction of detached Two (2) Bedroom Bungalow at Gbokoda	IRDC	2008	Completed
Supply of 500 HP Tug Boat for Utonana flow line repairs (MV-KOME XI)	CHEVRON	2010	Completed
Supply of 25 Ton Crane Abiteye Makaraba well work	CHEVRON	SCM-2010-CW773283	Completed
Supply of PERSONNEL and equipment for construction work at Olero Creek flow station	CHEVRON	FAC-2008-CW630171	Completed
Supply of one crew boat LT001	CHEVRON	Chevron	Completed
Supply of 40-man house boat for Utonana 11/11D flow line repairs	CHEVRON	Chevron	Completed
Tow out of Olero Noth Station Creek Restoration Project	CHEVRON	CHEVRON	Completed
